

Charting a climate-smart future for the Rio Grande

© Paul Tashjian

Four-part Workshop

October 20, 27 & November 10, 17, 2020

Goals of the workshop include articulating shared values and threats to the Upper Rio Grande sub-basin (NM-CO), ranking values and priorities, proposing indicators and metrics that address values, threats, and uncertainties related to the watershed, identification of data sources, and continued participation in indicator development beyond the workshop. Each session will build upon the next one, so it is recommended that you attend every session, but if you are not available for all four, we still value your participation.

Dates

Tuesday, October 20, 2-4pm MT

Tuesday, October 27, 2-3:30pm MT

Tuesday, November 10, 2-3:30pm MT

Tuesday, November 17, 2-3:30pm MT

Location

Virtual Via Zoom

Project Team

Audubon New Mexico

World Wildlife Fund - US

University of Massachusetts, Amherst

University of Maryland Center for Environmental Science

Charting a climate-smart future for the Rio Grande

Four-part workshop – October 20, 27 & November 10, 17, 2020

Agendas

October 20, 2020

- 2:00 pm Welcome
- 2:20 pm Introduction to project
- 2:45 pm Plenary activity
- 3:00 pm Report card and modeling processes
- 3:30 pm Tour of the Rio Grande
- 3:55 pm Wrap up

October 27, 2020

- 2:00 pm Review previous meeting
- 2:30 pm Identifying values, stressors, and uncertainties (breakout group activity)
- 3:25 pm Wrap up

November 10, 2020

- 2:00 pm Review previous meeting
- 2:30 pm Choosing indicators/metrics and thresholds/targets
- 2:50 pm Identifying indicators (breakout group activity)
- 3:25 pm Wrap up

November 17, 2020

- 2:00 pm Review previous meeting
- 2:30 pm Identify indicator champions
- 2:45 pm Management scenarios for modeling (breakout group activity)
- 3:15 pm Next steps
- 3:25 pm Wrap up
